

# Simon Says Northern Animals

## Age/Grade Range

- Ages: 6-8

## Group Size

- Up to 30

## Time

- Set-up: 2 minutes
- Activity: 5-10min

## Materials

- None

## Set-Up

- Clear a large space where students will be able to move around freely.

## Delivery Tips

- This game runs best as a warm-up.
- Pair with other Ecology and Animals activities.

## Activity Directions

This is a simple modification of the Simon Says game. Explain the different animal actions they will need to listen for. If you don't say Simon Says before the call, they aren't supposed to do the action. Try and catch people who switch even when you don't say Simon Says.

Simon says be a:

- Mosquito: Run and buzz with one arm held out in front like a stinger.
- Moose: Hands above head like antlers, walk heavily.
- Fish: Squiggle on the ground.
- Raven: Flap around running.
- Wolf: Howl like a wolf.

NWT SCIENCE FOCUS

## Topics

- Ecology and Animals

## Objective

- Start thinking about animals
- Turn off energy before heading into the rest of the activities.
